## Special Skills

---

I am very energetic, take direction well. I can handle a range of emotions on screen, and can cry. I easily pickup lines/part and can master a range of accents. I am a great runner, Swimmer, Bicyclist and skilled in combat. I have a large vocal range, can replicate or mimic a sound or vocal tone, seamlessly switch into and out of falsetto, read sheet music, roll r's, whistle on key, easily learn new songs and melodies, and can harmonize. I am always eager to learn new things.
