

At Creative Actors Studio we have two Master Acting Coaches who are also storytellers, screenwriters, directors, editors, and photographers. Elizabeth Shryer and Kelsey Shryer bring authentic and rich qualifications to their coaching. Their keen, empathetic eye leads students to depths of emotional commitment they have never reached before. Elizabeth and Kelsey also bring a filmmaker's eye to the art of acting, preparing each student for professional film/tv production sets.

Elizabeth and Kelsey (ek) have decades of combined experience as professional actors and filmmakers. In addition to producing a Feature Film, two TV Pilots, 27 Short Films, and multimedia productions, ek both took an apprenticeship with the late Master Coach and CAS Founder, Scott-Arthur Allen. As partners in life, creativity, and business ek now continue the Creative Actors Studio legacy, expanding the studio and its services every year.
